IT La serie Pinch nasce da una riflessione sui materiali e sulle tecniche di costruzione degli imbottiti contemporanei. Nei divani e nelle poltrone Pinch, la struttura letteralmente "pinza" lo schienale e i braccioli: i volumi si ridistribuiscono e le imbottiture acquistano un aspetto pieno, morbido e accogliente, diventando – nella versione alta – vere e proprie pareti di una stanza del comfort.

EN
The Pinch selection stems from reflection on materials and the construction techniques in contemporary padded seating. The structures of Pinch sofas and armchairs literally "pinch" the backrests and armrests: the volumes are redistributed and the padding takes on a full, soft and welcoming appearance. In the tall version, the sides are like walls in a room filled with comfort.

FR
La série Pinch est née d'une réflexion sur les matériaux et les techniques de fabrication des assises rembourrées contemporaines. Les structures des canapés et des fauteuils Pinch " pincent " littéralement le dossier et les accoudoirs. Les volumes sont redistribués et les rembourrages prennent une allure pleine, moelleuse et accueillante, devenant – dans la version haute – de véritables cloisons d'une pièce on ne peut plus confortable.

DE
Die Reihe Pinch verdankt ihr Entstehen einer Reflexion über die Materialien und die Konstruktionstechniken von zeitgemäßen Polsterungen. Bei den Sofas und Sesseln „heftet“ die Struktur die Rückenlehne und die Armstützen im wahrsten Sinn des Wortes zusammen: Die Volumen verteilen sich, die Polsterungen wirken voll, weich und einladend, sodass sie sich - in der hohen Ausführung – in die Wände eines komfortablen Zimmers verwandeln.
